**COMPETITION  
FORMAT**

Competitions consist of Qualifications, Semi-Finals (Speed only) and Finals. The score from Qualification will not be carried forward. All runs, also the Finals, start from 0 points.

**Speed**

Speed competitions will be organized on two parallel lanes.

At each event, the AGU Technical Delegate (in consultation with the CJP) will designate lane numbers.

**Speed Qualifications**

The starting order for the first run of Qualification will be determined by a draw. An intermediate ranking list is established at the end of the first run.

The final ranking list of the Qualification will be established at the end of the second run. In case of a tie at any place, the tie-breaking rules set out in art. 4.1 apply.

**Speed Semi-Finals (max 3 per NF)**

**Knock-out competition format**

The top athletes from the final ranking list of the Qualification participate in the Semi- Finals. No second run is possible.

In case of a tie at any place, the tie-breaking rules set out in art. 4.1 applies

The highest ranked athlete faces the lowest ranked athlete, and the loser of that race is excluded from advancing to the final. Another example, the athlete ranked 2<sup>nd</sup> faces the 2<sup>nd</sup> to last athlete from the Qualification and so on for each athlete to be matched against the appropriate competitor. The loser of each race is excluded from advancing to the final.

**Note:** One wildcard athlete to be added for host country in the semi-final if they do not qualify. If a wildcard is added an extra athlete will be added, based on next best time outside of the qualifiers to prevent a solo run. The wildcard athlete can be chosen by the host country from the Qualification. See below:

In case of a tie at the 6<sup>th</sup> rank for the Final, the tie-breaking rules set out in art. 4.1 apply. Three reserve athletes will be able to warm-up for the Semi-Final and Final rounds. If a reserve athlete replace a participant he will take the last qualified place.

If 3 athletes from the same NF finish in the top 6 places, the one with the slowest time is eliminated from qualifying for the final. The best 2 athletes from the same NF qualify, and all others advance one place in the new start list for the Final.

### **Speed Finals (max 2 per NF)**

The top six or ten athletes (depending on competition size) from the final ranking list of the Qualification or the semi-finals participate in the Final. In the final round, the athletes run by pairs (see table above). The final ranking is based on the time (no knock out).

In case of a tie at any place, the tie-breaking rules set out in art. 4.1 apply.

### **Freestyle Qualifications**

The starting order for the first run of Qualification will be determined by a draw.

The runs of 20 to 45 seconds, are judged based on the criteria defined in the Code of Points.

In case of a tie at any place, the tie-breaking rules set out in art. 4.2 apply.

### **Freestyle Finals (max 2 per NF)**

The top eight athletes from the final ranking list of the Qualification participate in the Final.

In case of a tie at any place, the tie-breaking rules set out in art. 4.2 apply.

The starting order is established based on the ranking after Qualification with the best athlete starting last.

Should the host country not qualify, they will receive a wildcard for the Final. Therefore, one additional athlete would be added to the final. The wildcard athlete can be chosen by the host country from the Qualification.

<p><b>TIE BREAKING RULES</b></p>	<p><b>Tie-breaking rules for the speed ranking</b>  Time is measured in 1/1000<sup>th</sup> of a second and shown in 1/100<sup>th</sup> of a second. If there is still a tie, the tie will not be broken.  <b>Exception:</b>  To determine the starting order and the pairs in the Final, the ties must be broken by a draw.</p> <p><b>Tie-breaking rules for the freestyle ranking</b>  In case of a tie in points at any place in Qualification and Finals, the ranking will be determined by the following criteria:  1. The average of all judges' scores given for D (Difficulty), without eliminating the highest and the lowest score  If there is still a tie, the tie will not be broken.  <b>Exception:</b>  To determine the starting order and the pairs in the Speed Final, the ties must be broken by a draw.  <b>For Prize money:</b>  The prize money of the tied ranks will be added and divided by the number of ties.</p>
